

JD King's **ELVIS** THE LEGEND

Safe Social-Distance Shows!

Are you looking to entertain your audiences while keeping them safely within Government guidelines?

Do you need a high-quality show with universal appeal?

JD King's spectacular and realistic portrayal of Elvis throughout his career is NOW AVAILABLE as a fully-realised one-man-show.

The following shows have been **specifically designed** to make audiences feel as if they have had an authentic, close-up encounter with the King himself, while being able to stay safe at a social distance.

The one-man show comes in several flexible formats;

- JD King's **Elvis The Legend** is a mini-biopic of Elvis' life, starting with his debut in the 50s and ending up in spectacular fashion on the Vegas stage. Dynamic performance is interspersed with narrative and JD King's interactive dialogue, embodying the King himself.
- **Elvis - Your Way** allows for more flexible show timings, with set beginning and end pieces but with audiences choosing the songs they wish to hear along the way.
- As an homage to Elvis' latter years, **Viva Las Elvis!** is a multi-jumpsuit extravaganza, allowing any of Elvis' hits to be performed within a flexible show format.

These one-man show formats;

- Operate fully with the highest quality - and often bespoke - backing tracks, meaning that they can be staged either with only one sound technician or by JD King himself
- Are logistically safer and significantly more cost-effective than using a multi-performer act
- Can be performed on stages of ANY SIZE
- Are universally appealing to audiences of all ages
- Include moments of entertaining verbal interaction with the audience, allowing them to feel fully involved with no contact

If you are looking for a show to satisfy your customers, that can be staged cost-effectively and safely, please get in touch for a personalised quote today:
